Stellar's nationwide compressor service facilities are OEM authorized to repair and rebuild in partnership with key manufacturers

PRECISE PERFORMANCE

Our state-of-the-art climate-controlled clean room repair shops maintain equipment, tools and gauging instruments to the highest level of calibration. Critical tools and gauging instruments are calibrated and certified using Statistical Quality Control (SQC) methods & Certified to National Institute of Standards and Technology (NIST) standards.

Stellar's compressor shops are equipped with the latest technology to ensure our valued customers receive first-class service.

ASSEMBLY

We ensure your compressors are assembled to achieve maximum efficiency at full or part load conditions. In addition to rebuilt or remanufactured compressors, we also offer competitively priced new compressors from all major OEMs in stock and available for immediate shipment.

SERVING KEY MARKETS

As a leader in industrial refrigeration, Stellar serves all key markets. Our clients include food and beverage, low temperature storage, pharmaceutical, power plant, district energy, packaged systems and more.

CONVENIENT LOCATIONS

We ensure **Stellar's Authorized Compressor Repair and Rebuild Centers** are strategically located in key areas of the country. This places our shops and expert technicians in close proximity to major metropolitan areas throughout the country.
